That Weak Back

accompanied by pain here or there—extreme nervousness—sleeplessness—may be faint spells—or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescribed for just such cases by a physician of vast experience in the diseases of women.

DR. PIERCE'S Favorite Prescription

has successfully treated more cases in past forty years than any other known remedy. It can now be had in sugar-coated, tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps.

Miss Elizabeth Lordahl of Berkeley, Cal., in a recent letter to Dr. Pierce said: "I was completely broken down in health, I was aching and had pains all over my body and was so nervous that I could scarcely suffer from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescribed for just such cases by a physician of vast experience in the diseases of women."

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated, tiny granules.
